WEATHER OF CONCERN

Weather of Concern

- Dry weather will prevail over the central California interior this week with temperatures averaging close to normal. Freezing overnight temperatures will occur over the Kern County desert with a freeze possible in parts of the San Joaquin Valley as well, especially later this week. Areas of overnight fog and frost are likely across the San Joaquin Valley.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER SYNOPSIS BY REGION

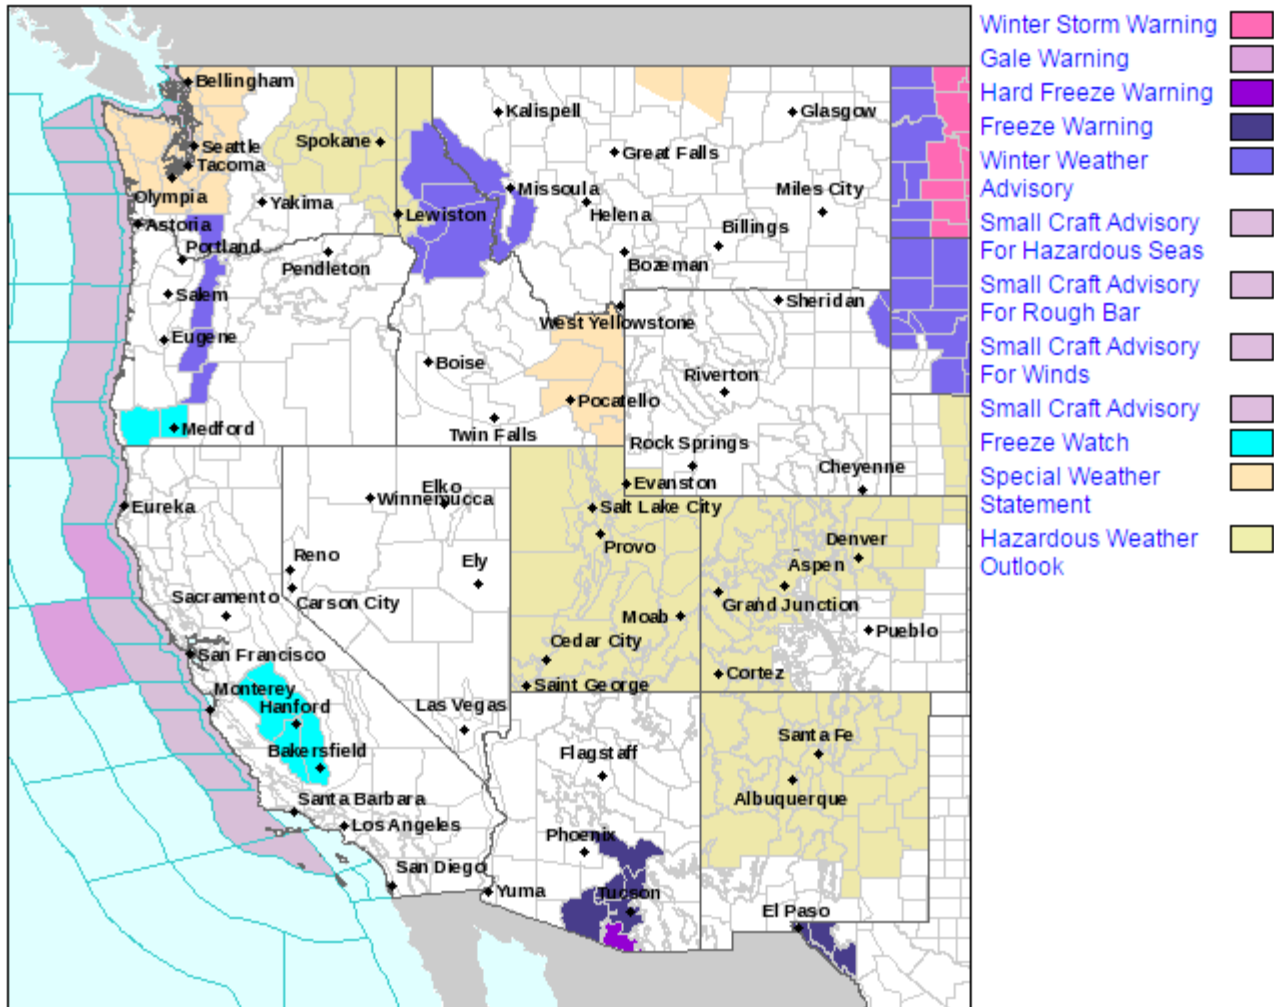

NORTHERN CALIFORNIA

A couple of minor weather systems will keep an unsettled weather pattern going over the region through the weekend. One system is passing through today with some light precipitation, mostly for the northern areas and near the coast. Areas of clearing are expected this afternoon behind the system's passage. High pressure with dry, seasonably mild weather will be over the region Thursday through Saturday, although some high clouds are likely to be seen in that pattern as well. Two more weather systems similar to today's are expected to drop south across the region Sunday and Monday with most of their precipitation likely to be in the northern half of the region and eastern mountains again. Next Tuesday looks dry again before another possible weather system arrives next Wednesday for at the northern areas. The lowest snow levels over the next week will most likely be around 2500-3000 feet in the north and around 3500-4000 feet in the south Sunday and Monday. Some breezy north to east winds are expected to develop later tonight and last into Friday morning for the Sacramento Valley, surrounding foothills and the slopes/drainages west of the Cascade/northern Sierra crest. Lighter north to east winds are expected to prevail elsewhere at that time and in all areas Friday and Saturday. Westerly winds will return after that. Temperatures will be around seasonably cool values for the most part over the next 7 days, and Saturday will likely be the mildest day with many areas 5-8 degrees above normal. That will put the warmest inland locations into the lower 60s Saturday.

SOUTHERN CALIFORNIA

A weak ridge of high pressure over Central and Southern California will maintain near normal temperatures today with 40s to low 50s across the mountains, 50s to low 60s in the valleys of Central California, and 60s to low 70s in the valleys of Southern California. A trough will drop south from Canada Thursday and Friday bringing cooler temperatures both days. Temperatures will be around 10 degrees below normal by Friday. Minimum humidity will be above 20% through Thursday and then drop to 15% to 30% Friday. A ridge of high pressure will bring warmer temperatures along with minimum humidity in the single digits and teens away from the Central Valley and its surrounding foothills this weekend. North to northeast winds of 20 to 40 mph with gusts to 60 mph will surface across much of Southern California Friday morning through Saturday evening. A trough will move inland over the Pacific Northwest bringing significant cooling early next week. Scattered showers with light rainfall totals and low snow levels will be possible across portions of the area early next week. There will be strong west to northwest winds over the wind prone mountain and desert areas Sunday night through Monday night.

CAL OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2016-LAW-28696 , 11/28/16, 1745 hours:** The Humboldt County Sheriff's Office (HCSO) requested assistance to clear U.S. Forest Service Route 1 between Hwy 299 and Hwy 36 to gain access to a female subject who was reportedly trapped by snow drifts in her 5th wheel, approximately 1/4 mile off Route 1, 20 miles in from Hwy 299. This mission number is to task Cal Trans to provide the necessary snow plow to allow the SO access to perform the SAR mission. **Update: 11/28/16, 1900 hours,** HCSO advised that the Cal Trans snow plow was not operational. PG&E was contacted directly and assisted in opening the road. They began their search for the missing person (MP). **Update: 11/29/16, 0755 hours,** HCSO advised they were unable to locate the MP and will continue their search. HCSO investigated the possibility that the MP was part of a group of marijuana 'trimmers' that became snow bound in the same area over the weekend and had to be assisted out. **Update: 11/29/16, 2136 hours,** [HCSO advised that a CHP helo located and hoisted the MP to safety around noon. She was in good physical condition and required no medical attention.](#) **Mission Closed.**

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2016-Coastal-26848:** Caltrans - Hazmat Manager for DROC for the Clayton Fire in Lake County. On Scene 09/28/16 - 12/16/16. **Mission Ongoing.**
- **2016-Coastal-26842:** CDFW - Oil Spill Prevention Specialist for the Clayton Fire in Lake County. To be On Scene 10/03/16 - 12/16/16. **Mission Ongoing.**
- **2016-Coastal-26477:** Cal Recycle debris removal assistance requested for the Clayton Fire in Lake County; on scene through Mid-December. **Mission Ongoing.**
- **2016-Coastal-26412:** DTSC clean up assistance requested for the Clayton Fire in Lake County; on scene through Mid-December. **Mission Ongoing.**
- **2016-Southern-25043:** California Department of Public Health to conduct housing and food inspections for detention facilities through 12/31/16. **Mission Ongoing.**
- **2016-Southern-25037:** California Division of Drinking Water to conduct surface water inspections for 11 water systems and train new hires through 12/31/16. **Mission Ongoing.**
- **2016-SOC-24742:** Hazardous Waste Task Force to segregate, collect, and package hazardous waste at the 250+ destroyed and damaged structures in the Erskine Fire burn area. This is expected to be in place through December 2016. **Mission Ongoing.**
- **2016-IREOC-21748:** Tasking Cal Trans to extend state highway right of way to facilitate hazard tree removal. This is a long term mission and is expected to remain in place through the summer months. **Mission Ongoing.**
- **2015-IREOC-19846:** One RAWs weather station to Amador OA – On scene 11/30/15, expected to be left in place until May 2017. **Mission Ongoing.**
